SUMMARY

Data Analyst with strong foundation in SQL, Power BI, and Tableau, experienced in building interactive dashboards and analyzing operational data to generate actionable insights. Skilled in data modeling, DAX, and data validation, with hands-on experience transforming complex datasets into meaningful visualizations to support business decision-making.

EXPERIENCE

Prudential Life Assurance, South Jakarta

Apprenticeship Business Solution System Analyst

Feb 2026 - Present

- Contributed to requirement analysis and user story development for 7+ completed and ongoing insurance system enhancement projects.
- Participated in User Acceptance Testing (UAT) activities including test execution, validation, defect tracking, and retesting.
- Utilized Postman, API testing, JSON debugging, and Life Asia to validate system integrations and troubleshoot insurance workflow issues.
- Collaborated with Business, IT, and QA teams to support process analysis, system documentation, and issue investigation.
- Contributed to investigation and validation of 3+ production issues to support system stability and business operations.

Mandiri Utama Finance, South Jakarta

Software Quality Assurance Tester Intern

Feb 2025 – Feb 2026

- Executed System Integration Testing (SIT) and User Acceptance Testing (UAT) for 14+ projects and maintenance initiatives within the Joint Finance (JF) system.
- Developed and executed positive & negative test scenarios, transaction validation, and backend data verification using PL/SQL and PostgreSQL.
- Collaborated with Developers, Business Analysts, PMO, and IT Operations for defect tracking, retesting, and deployment validation using JIRA.
- Prepared test scripts, testing documentation, and UAT sign-off evidence to support production deployment.
- Tested financial workflows including disbursement, payment processing, repossession, restructuring, recovery, autowave, and commercial financing processes.

EDUCATION

Bina Nusantara University, Jakarta

Bachelor of Information Systems — GPA 3.91 / 4.00

Specialization: Applied Databases (SQL, Data Modeling, System Development)

SMA Gembala Baik, Pontianak

Science Major — Average Score 84.24 / 100.00

PROJECT

Airline Operational Performance Dashboard (Power BI)

- Developed interactive dashboard to analyze airline performance, including delays, cancellations, and operational efficiency
- Designed key KPIs such as total flights, delay rate, and average delay duration for performance monitoring
- Performed data modeling and implemented DAX calculations for dynamic insights
- Built drill-through features to enable detailed analysis at airline and airport levels
- Delivered insights through trend analysis, delay cause distribution, and geographic visualization

Netflix Content Analysis Dashboard (Tableau)

- Built interactive dashboard analyzing content growth, genre trends, and global distribution
- Delivered insights through effective data visualization and storytelling

World Happiness Dashboard (Tableau)

- Developed dashboard to analyze global happiness trends based on GDP and corruption indicators
- Identified patterns and insights through comparative data analysis

SKILLS

- **Technical Skills:** SQL (Oracle, PostgreSQL), PL/SQL, Data Analysis, Data Cleaning, Data Validation, Data Visualization (Power BI, Tableau), Dashboard Development, DAX, Microsoft Excel, Microsoft Office
- **Tools:** Power BI, Tableau, PostgreSQL, Oracle SQL, JIRA
- **Programming:** Python (Basic), Java
- **Languages:** Indonesian (Native), English (Advanced), Chinese (Beginner)
- **Soft Skills:** Attention to Detail, Analytical Thinking, Problem Solving, Communication, Team Collaboration, Critical Thinking

CERTIFICATIONS

- Oracle-certified in database and application development with expertise in SQL, PL/SQL, and database design. Holds additional certifications in Tableau, HackerRank SQL, and the McKinsey Forward Program, demonstrating strengths in problem-solving, leadership, communication, and adaptability. Also certified in English and basic Chinese to support effective professional communication.
